The Good Listener

Brenda Ask

She had a reputation
For compassionate observation.
In the game of conversation,
She was eager and reserved.

Ambitions of discovery,
Loyalty, and harmony,
Offered in recovery
From all the pain she heard.

She treasured the diversity
Between credence and uncertainty,
And honoured every opportunity
To keep virtue in her word.

A sage and gentle teacher,
An earnest and humble preacher...
Life and Love beseech her
To share the melody she's learned.
