EDMONTON

A TURNING POINT
FOR WOMEN

AMANDA VELLA

Director

Year on YWCA Edmonton Board - First

Amanda Vella provides valuation advisory services for acquisitions, private equity investments, litigation support, and other financial reporting purposes including intangible assets valuation and goodwill impairment testing. Prior to joining the Valuation and Business Modelling group, Amanda was with Ernst and Young's Assurance practice where she provided assurance services for a variety of clients including those in the oil field services, manufacturing, transportation, mining, retail and not-for-profit sectors. She holds a bachelor of business administration from Acadia University, as master of professional accounting from the University of Saskatchewan and is a CA. Amanda is currently pursuing a CBV designation.

To facilitate market growth Amanda is involved in various networking events including legal seminars, Ernest & Young's entrepreneur of the Year Awards and Ernst and Young Professional Women's Network. From her involvement in these events, she has developed a strong professional network that would be a asset in identifying potential sponsors. This networking experience also makes it easier to approach potential sponsors.

Amanda is also a member of the Canadian Forces in the Cadet Instructor Cadre and works as a flight instructor with the Edmonton Gliding Centre.
