Amanda Babichuk

Amanda Babichuk is an excellent role model for young women trying to balance family and career, and for those wishing to take the giant leap to owning their own company. A single mother at 16, Amanda drew on her iron will and fierce desire to persevere to obtain her Bachelor of Commerce from the University of Alberta. In November of 2008 Amanda realized her entrepreneurial dream, opening d'Lish meal assembly studio. Using organic and locally sourced food, d'Lish promotes healthy eating for families pressed for time and resources. Through her business and community involvement, Amanda demonstrates women have the ability to manage the promotion, development and expansion of a business while being a single mother to an energetic 12 year old son
