Over our 111 years operating in Edmonton, we have offered a wide range of services and programs designed to meet the changing issues and needs of the community in which we live. Our current programs focus on eliminating violence, creating healthy communities, empowering girls and building women leaders.

A snapshot of YWCA programs and services:

- **Counselling Centre:** *The majority of our clients are low-income women, many of them survivors of family violence.*
- **Lakeside Haven:** *a healing retreat program for women and children who have survived family violence.*
- **Girls Programs:** *designed to educate and empower young teen girls to make healthy choices about relationships, personal safety, and their future.*
- **Disability Services:** *providing 175 adults and children with disabilities an opportunity to live full lives engaged in the community.*
- **YoWoChAs Outdoor Education Centre:** *located on Lake Wabamun, offering children's summer camps in July and August and a year-round centre for schools, community and corporate groups*
