

YWCA Edmonton – Volunteer Opportunity

GirlSpace Volunteer Facilitator (In -Person/Virtual)

About the Program

GirlSpace is led by young women and focused on female youth. The program is intended to address key unique social issues and topics influencing the lives' of girls in Canadian society, including body image, healthy relationships, and violence, to name just a few. Participants are exposed to role models and positive messaging about being a woman while gaining skills to address various issues they will face. The program concentrates on the critical skills girls need for healthy development and success. The talents and strengths of each girl in the program are recognized, and opportunities are made available to increase their existing assets and develop emerging skills.

Due to the ongoing changes with public health restrictions and the continued presence of COVID-19, we are preparing for both in-person and virtual programming this year. Currently, we have 12 confirmed sites for fall programming across Edmonton.

GirlSpace is a program by YWCA Edmonton (and in partnership with other agencies) for girls ages 11-17 years old. *GirlSpace* Facilitators will tailor the program material to participants according to age, maturity level, and group size. The program runs during the calendar school year for 20 weeks, starting the second week of October 2021 and ending in May 2022. It provides a safe place to ask important questions, learn critical thinking skills, and support one another. It provides opportunities to: increase social connectedness, leadership skills, resiliency, and supports the mental health and well-being of participants.
